

neodisher[®] CM P

Cleaner for coffee machines

Powder

Fields of application:

- Regular and intensive cleaning of espresso machines and vending machines for hot drinks

Performance Spectrum:

- Reliably removes poorly soluble residues such as coffee oils and tannin residues
- When used correctly neodisher CM P is suitable for cleaning all commercially available coffee machines and vending machines for hot drinks

Special properties:

- Reliable and fast cleaning
- Rapidly soluble
- Odourless and tasteless, due to oxygen-based bleaching agents

Application and dosage:

Observe the instructions given by the manufacturers for the automated cleaning of espresso machines and vending machines.

average dosage	5 – 10 g/l per cleaning
----------------	-------------------------

Notes on application:

- For professional use only!
- For an economical and controlled dosage the use of manual dosing ancillaries such as dosing spoons is recommended. Please contact us.
- Do not mix with other products.
- Storage and transport is only permitted in original packaging.

Technical data:

pH-value	10.6 – 11.1 (5 – 10 g/l, determined in deionised water, 20 °C)
bulk density	1.050 – 1.150 g/l
titration factor	0.65 (according to titration instruction)

Ingredients:

Ingredients according to Regulation (EC) No 648/2004 on detergents:
> 30 % phosphates, oxygen-based bleaching agents

Storage information:

Always store at a temperature between 0 °C and 25 °C. Keep container tightly closed! The product tends to get lumpy when exposed to dampness which can cause a loss of effectiveness. Usable for 2 years when stored as recommended. For expiry date refer to the stamp mark on the label behind the hourglass symbol

Hazard and precautionary statements:

For safety information, see safety data sheets. These are available at www.drweigert.com under the category "Service/Downloads".

If applied according to the instructions for use the product is safe according to the appropriate guidelines for food processing.

Dispose only when container is empty and closed. For disposal of product residues, refer to the Safety Data Sheet.
