

neodisher[®] compact 180

DE/038/056

Intensive detergent for use in dishwashers, active chlorine-free

Better for the environment...

- Reduced impact on aquatic ecosystems
- Limited hazardous substances
- Performance tested

...better for you.

EU Ecolabel
www.ecolabel.eu

Powder

Fields of application:

- Cleaning of crockery, glasses, cutlery, trays and working utensils in professional dishwashers in all food processing areas such as professional kitchens, butcher's shops and bakeries

Performance spectrum:

- Effectively removes all kinds of food residues
- Rapid soaking and removal of starch and protein residues due to high alkalinity and good dispersing performance
- Suitable for porcelain, stainless steel and all alkali-compatible synthetic materials
- Not suitable for aluminium, anodised aluminium and light metal alloys
- neodisher compact 180 is certified with the EU Ecolabel. Its cleaning performance and its environmentally friendly properties comply with European regulations in regard to ecological demands to ingredients and packaging.

Special properties:

- Excellent cleaning performance; also in the case of stubborn soiling
- Ensures starch-free dishes at low dosing amounts and therefore cost effective
- Highly concentrated powder, odour-neutral, active chlorine-free formula

Application and dosage:

neodisher compact 180 can be used in professional dishwashers. The dosing amount is 1-3 g/l, depending on water hardness and degree of soiling. Follow the dosing instructions.

	slightly dirty tableware	very dirty tableware
For soft water (0 - 6 °d H)	1 g/l	1 g/l
For medium hard water (7 - 13 °d H)	1 g/l	2 g/l
For hard water (> 14 °d H)	3 g/l	3 g/l

Using this EU Ecolabel product according to the dosage instructions will contribute to the reduction of water pollution and waste production.

The required temperature in the main washing tank has to meet the demands of the local conditions according to the corresponding laws, regulations and guidelines.

When using neodisher compact 180 the temperature in the main washing tank should be at least 60 °C to ensure sufficient hygiene safety.

neodisher compact 180 is dosed via the weigomatic compact dosing unit. The dosing unit should be connected to cold water for dosing neodisher compact 180.

We recommend using neodisher compact 180 preferably with soft water (up to 6 °d total hardness), deionised water or water treated with the reverse osmosis process.

neodisher[®] compact 180

Notes on application:

- For professional use only
- The neodisher compact 180 solution has to be rinsed off completely with water.
- Rinse out dosing system including suction hose with water before changing product.
- The instructions given by the manufacturer of the dishwasher are to be observed.
- Do not mix with other products.
- Storage and transport is only permitted in original packaging.

Hazard and precautionary statements:

For safety information see EC Safety Data Sheets. These are available at www.drweigert.com under the category "Service/Downloads".

If applied according to the instructions for use the product is safe according to the appropriate guidelines for food processing.

Dispose only when container is empty and closed. For disposal of product residues, refer to the Safety Data Sheet.

Technical data:

Bulk density	approx. 1,100 g/l
pH-range	12.0 - 13.0 (1 - 3 g/l, determined in deionised water, 20 °C)
Conductivity	7.7 mS/cm (2 g/l, determined in deionised water, 20 °C)
Titration factor	0.1 acc. to neodisher titration instructions

MB 3129/3-3
Date of issue: 04/2019

Ingredients:

Ingredients according to Regulation (EC) No 648/2004 on detergents:
< 5 % aliphatic hydrocarbons
15- 30 % phosphates

Storage information:

Always store at a temperature between 0 °C and 30 °C.
Usable for 3 years when stored as recommended.
For expiry date refer to the stamp mark on the label behind the hourglass symbol .

The product tends to get lumpy when exposed to humidity which can cause a loss of effectiveness.

With the above information, to our current knowledge we describe our product regarding safety necessities, but we do not involve any quality description or promise certain properties.
